The Role

Maynooth University is committed to a strategy in which the primary University goals of excellent research and scholarship and outstanding education are interlinked and equally valued.

The Arts Council and Maynooth University invite applications from mid-career and established writers for Writer in Residence for the calendar year 2025.

The Arts Council Writer in Residence programme was established to provide a stimulating environment for the resident writer, as well as to afford a degree of financial support to concentrate on their own practice. Additionally, the residency brings energy and dynamism to the university, and allows students and faculty to engage with a practicing writer for a concentrated period.

Principal Duties

The Writer in Residence will be engaged for the calendar year 2025 and will be situated in the Department of English in Maynooth University, with the opportunity to engage with the wider campus.

The residency will be divided into two parts:

1. From January to June 2025 the Writer in Residence will be supported to engage with students and staff. This programme of engagement will be designed by the resident writer, in consultation with the faculty of the university, and could include focused teaching, workshops, mentoring, public events or other activities which bring new energy to the creative writing programme.
2. The writer in residence will contribute 2-4 hours per week to the MA in Creative Writing and will hold additional office hours. Contact time with staff and students will be capped at 4 hours per week. The writer will not be expected to deliver core curriculum.
3. From July onwards, the writer will be supported to concentrate his or her own practice.
