

Draíocht: Sample parent letter (older)

[Date]

Dear Participant,

We look forward to meeting you on [DATE] at [TIME] for the Deadly Découpage workshop. Découpage is basically the creative art of assembling, pasting and varnishing paper cut-outs for decorating objects. Our object is a table. Although all the material will be provided, feel free to personalise your table by spending some time over the next two weeks looking through newspapers, photographs, magazines and comics and cut out images/pictures that you like. You can also collect coloured textures and patterns as we will also re create our own images using coloured texture from magazines. So, start collecting now and you'll soon have a great collection to choose from. Just remember to bring them with you on the day!

Parents please take note of the information below:

- If the participant has any needs or sensitivities of which you feel we should be aware in advance of the workshop, please call me on the number below. This information will remain in confidence.
- The workshop has been designed for 10-13 year olds, please observe these age recommendations. Younger children would find the activity too difficult, older children would find it too easy.
- There will be a short break in the middle of the workshop. So participants can bring a drink or snack if they choose.

If you have any questions, please do get in touch at the number below – we look forward to meeting you on the 3rd of November.

Kind regards,

[NAME]
Children's/Youth Arts Officer
